Sustainability Self- Assessment Workshop for Vineyards & Wineries

Join us for a FREE Sustainable
Winegrowing Self-Assessment Workshop

Thursday March 13th, 2008

This workshop is for:

- all those who have already done the self-assessment – there are new topics & it may be time to update your assessment, and
- those who have not done the self-assessment.

8:30 a.m. – Noon (Lunch Included)

Bargetto Winery

3535 N. Main St., Soquel

Update and track your previous assessment!

Recent, new topics, include:

- Air Quality
 - Erosion Control
 - Education i.e. worker heat stress
- Plus, updated resources.

Directions to Bargetto Winery: (easy access from Hwy. 1):

From Highway 1, take the Porter Street/Bay Avenue Exit, head east (toward hills) 1/2 block to Main Street. Turn right on Main and continue for one mile to the winery.

RSVP

Mary Lindsay, mary@munsvineyard.com
or call 408-984-7242

Participants who have done a previous Code of Sustainable Winegrowing assessment should bring their copy of the 1st edition with the mailed update packets inserted.

If you do not yet have a self-assessment binder, you will receive a copy of this 500-page resource at the workshop.

Sustainable vineyard practices have grown statewide due primarily to this program sponsored by an alliance of the Wine Institute and CAWG.
